Objective

Passionate and results-oriented software developer with 5+ years of experience in building high-performance web applications. Seeking to leverage expertise in Python, Django, and cloud technologies to contribute to a dynamic team.

Skills

Programming: Python, JavaScript, Java

Frameworks: Django, Flask, React

Databases: PostgreSQL, MongoDB, MySQL

Tools: Git, Docker, AWS, Kubernetes

Work Experience

Software Developer
Company XYZ | March 2020 - Present

Developed and maintained web applications using Django and React.

Led the migration of legacy systems to microservices architecture.

Integrated AWS services (S3, Lambda) to optimize cloud workflows.

Collaborated with cross-functional teams to deliver high-quality software.

Junior Developer
Company ABC | June 2017 - February 2020

Worked on backend services using Django and PostgreSQL.

Assisted in implementing RESTful APIs for internal applications.

Wrote automated tests to ensure software quality and reliability.

Education

Bachelor of Science in Computer Science
University of Technology | Graduated 2017

Relevant Coursework: Data Structures, Algorithms, Web Development, Cloud Computing

Certifications

AWS Certified Developer - Associate

Django Developer Certification - Tech Academy
